Trip to NYC June 22-June 25, 2019

The Music: We are most likely doing “This is Me” from the Greatest Showman.

Who will accompany our students? Professional level Broadway musicians in a full orchestral setting.

What is Avanti's role?

Avanti is simply a participant in the Arts for Autism program. All of the other numbers on the Arts for Autism concert are from other schools like ours from around the nation. None of the schools benefit monetarily from this event, and the only compensation we receive is travel and accommodations for the chaperones. These chaperones will be involved in the entire rehearsal process, as well as accompany our group to New York.

What is Believe NYC's/Education Travel Adventures role?

These are the 2 companies that founded and produced Arts for Autism. Jacque Carnahan is the founder of Believe NYC and an accomplished Broadway performer. Michael Holzer is the founder of Education Travel Adventures, and this is just one of his many education packages offered all over the world.

What is Arts for Autism?

This is the show produced by these companies, named for the cause which ALL proceeds go toward.

What about COSTUMES? We will provide instructions on what kind of costumes each student will need. students will be responsible for acquiring their own costume materials. If there are any issues, please reach out directly to Avanti, and we will do everything we can to help!
